

## Pilates Instructor (Mat & Reformer)

At Silverback Studios, our instructors often tell us what a refreshingly different experience it is to be part of our team.

When we say we're community-driven, that extends to our instructors just as much as our members. Working with us means stepping into something genuinely special.

*"If you're tired of feeling like a number and want to be part of a studio that genuinely cares about both members and instructors, Silverback is something special. I've felt supported to grow here, and I truly love being part of the team."*
